

## Overview

# IBS pump set type W-100/W-250

**Product number:** 2222097

## Description

The IBS special pump type W100/W-250 is a self-priming pump and was specially developed for use in the IBS parts washer. The pump has a low flow rate and does not build up pressure, so it fulfils all the requirements of the prescribed standard (EN 12921). The unique suction system and the magnetic slip clutch ensure maintenance-free operation and a long service life. When using IBS special cleaner, we grant an extended factory warranty of 3 years.

### Scope of delivery:

- IBS special pump
- Connection cable with plug (no safety plug)
- Brush hose
- IBS special coarse brush
- Hose clamps

### Special feature:

- Material pump tube and pump shaft: stainless steel 1.4301
