Overview

IBS-Fast-Acting Degreaser Blitz-Z

Product number: 2050205

06701-9383-0
info@ibs-scherer.de

Description

Technical advantages

- Cleaning effect - removes oil, grease, resin incrustations, silicones, adhesive residues, tar, bitumen, mechanical cleaning effect due to high spray pressure
- BLITZ-quick evaporation
- Residue-free
- Pleasant lemon scent
- No metal corrosion
- Special properties - high yield due to filling with carbonic acid, mechanical cleaning due to high spray pressure
- Residual emptying guaranteed - even when cleaning "overhead
- Industrial spray head with ball valve and extended nozzle - thus low evaporation losses during the spraying process due to precise working, even with gloves on

Environmental and workplace advantages

- Air hazard class - TA-Luft, class: NK, share 94.9%.
- Water hazard class - WGK 2 (self-classification) Classification based on the Administrative Regulation on Substances Hazardous to Water (VwVwS) of August 2005.

This product is available as 500ml spray can. The packaging unit (minimum order quantity) is 1 carton of 12 spray cans.
